

Technology Evolution – True Mobile Broadband Ahead

Joint GSMA/NGMN Conference Stream

Thursday, 18 February 2010 at MWC 2010;
Time: 9.30 – 16.00; Location: Hall 5, Auditorium 2

9.30 – 11.00	Keynote Session: Ready for Launch of Next Generation Mobile Networks
	Moderator: Peter Meissner, Operating Officer, NGMN Alliance
9.30 – 9.35	Introduction
9.35 – 9.50	»Next Generation Mobile Networks Becoming Reality with the LTE EPC Standard – Some Remaining Challenges and Operators Requirements« Vivek Badrinath, Executive Vice President Networks, Carriers, Platforms and Infrastructure, FT/Orange & Chairman of the Board, NGMN Alliance
9.50 – 10.05	»Innovation for Mobile Internet« Dawei Zhang, Director of Mobile Wireless, China Mobile
10.05 – 10.20	»Mobile Networks and the World of Self-Everything« Wim Sweldens, President, Wireless Product Division, Alcatel Lucent
10.20 – 10.35	»Always Broadband Connected – Cable and Mobile Networks« Stephen Bye, Vice President Wireless, Cox Communications
10.35 – 11.00	Q&A/Panel Discussion with Keynote Speakers
11.00	Break
11.30 – 12.30	Session: Deployment and Operations of Next Generation Mobile Broadband
	Moderator: Peter Meissner, Operating Officer, NGMN Alliance
11.30 – 11.50	»LTE Roaming« Reinhard Kreft, R&D Director (interim), Vodafone Group Technology
11.50 – 12.10	»Operational Efficiency« Sandro Dionisi, Head of TI Lab, Telecom Italia
12.10 – 12.30	»Profitable Next Generation Mobile Broadband« Daniel Tang, CTO of Network Product Line, Huawei
12.30	Lunch
13.30 – 16.00	Session: Evolution of Broadband Services and Devices
	Moderator: Ricky Watts, CTO, Aircom International
	Service Enablers
13.30 – 13.50	»Transitioning from Network Model to Service Model« Mallik Tatipamula, Vice President and Head of Service Provider Business, Juniper Networks
13.50 – 14.20	Panel – »Giving Voice to LTE« Uwe Janssen, Senior Vice President, T-Mobile Core Networks, Deutsche Telekom Magnus Furustam, Vice President and Head of Product Area Core & IMS, Ericsson Johan Wickman, Director, Corporate R&D Programs, TeliaSonera Bill Stone, Executive Director of Network Planning, Verizon Wireless
	Devices and Terminals
14.20 – 15.00	Panel – »Mobile Broadband Devices – Beyond Data Cards« Jorgen Lantto, CTO, ST Ericsson Hideo Okinaka, Vice President and General Manager Emerging Technologies and Spectrum Division, KDDI Kari Sundback, Vice President Networks, Devices Strategy and Business Development, Nokia Joonho Park, Vice President, Head of Standards & Industry Initiatives, Samsung Fred Harrison, Head of Standards, Telefonica
	Steps to Success
15.00 – 15.20	»LSTI – Boosting LTE for Mobile Broadband Deployment« Christian Kuhlins, Project Manager LTE IODT, Ericsson & Chairman LSTI IOT, LSTI Rémi Thomas, Director of the LTE/EPC Programme, FT/Orange
15.20 – 16.00	Panel – »Final Building Blocks for Successful Mobile Broadband Deployment« Cameron Rejali, Managing Director Products, BT Wholesale Colin Hamling, Telefonica & Director of GCF and Chair of the GCF Steering Group for 2010, GCF Jong Tae Ihm, Senior Vice President, Head of Institute of Network Technology, SK Telecom Hugh Bradlow, CTO, Telstra
